

1" MICRO RECESSED LED DOWNLIGHT INSTALLATION INSTRUCTIONS

IMPORTANT: Read all instructions before installing fixture. Retain for future reference.

- SAFETY:**
1. This fixture must be wired in accordance with local electrical and ordinances.
 2. Always consider voltage drop effect when linking fixtures together.
 3. To extend driver life span, do not exceed 80% driver rated load.
 4. All work should be done by a qualified electrician.

WARNING: Make certain power is OFF from the electrical panel before starting installation or attempting any maintenance.

INSTALLATION FOR 1" MICRO RECESSED LED DOWNLIGHT

1. Carefully open a hole in accordance to the cut-hole dimensions with keyhole saw (refer to the provided cut hole size)(FIG.1).
2. Make a daisy chain connection with push-in terminal connectors(FIG.4). Connect red wire(+) of cable to red wire(+) on LED fixture. Connect black wire(-) of cable to black wire(-) of LED fixture.(FIG.2)
3. Rest driver to the desired secured location.
4. Push the LED fixture upward towards the hole until the trim is flush with the ceiling.(FIG.3)
5. Once assembly is complete, turn on power to confirm the fixture is working properly.
